

GRIDDLE TOASTERS

GTS-6

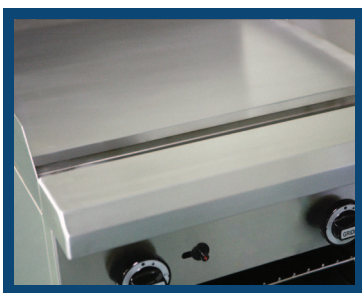

Combining the functionality of both a toaster & grill in the one unit, Luus griddle toasters are the ideal space saver for any kitchen. Available in both 600mm and 900mm widths, the 16mm mild steel plate provides excellent heat retention, while the 23mj/hr burners provide ample heat to the hotplate, creating the perfect toasting environment underneath.

Standard Features:

- Combination grill and toaster burners (23mj/hr) come standard with flame failure and pilots
- Thick, heavy duty, 16mm mild steel grill plate
- Multiple (4) toasting rack positions
- 60mm high side splash guards for easy maintenance
- Grease trough with internal channel leading down to waste tray
- Stainless steel exterior with lower storage compartment
- Height adjustable feet
- Modular design to suit fryers, cooktops and ovens
- 15 months parts and labour 'Platinum Warranty'

Optional Extras:

- Nickel plated finish on grill plates
- Ribbed machine finish on grill plates
- Side shields
- Joining caps
- Rear castors
- Available in Natural Gas and LPG
